TERMS OF SALE

(Please Read Before Bidding)

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Lots are sold at so much per piece, NOT by the lot. Thus, if there are 8 pieces in a lot and you wish to pay $2.00 for the lot, then make your bid 25 cents.

Everything is guaranteed genuine, unless otherwise stated.

New bidders should send references or a deposit of at least 25% of their total bids, otherwise they will not be accepted, since I can not be expected to send out goods on open account to persons whose good standing is not known to me.

Terms, prompt cash settlement after the sale, remittance to be made by money order,draft , check, or in any way most convenient to the purchaser. Stamps accepted under one dollar only.

Canadian purchasers will please remit with post office money order, since the cost of clearing Canadian checks is now from 9 to 15%.

There will be no priced catalog of this sale.

Coins will be bought as much below your bids as other offers permit, as this is competitive bidding carried out in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. This fee is very low for the superior service I expect to give you.

To those known to me who have established credit, I will send out purchases on open account. In appreciation of this courtesy, the purchaser remits promptly.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt. However, if a 2-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes. Be careful** in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

My classifications and descriptions are based on knowledge gained through more than 15 years of earnest dealing in coins and paper money. I have endeavored to refrain from over-rating the quality of a lot. It is quite natural and common for a collector to over-rate the condition of his own coins, sometimes without realizing it, just the same as a proud father brags about his child. But when a dealer sells a coin to a customer, he should place himself in the customer's place and abide by the golden rule. I want to have my customers get what they expect, and try to represent everything fairly.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Keep on my mailing list and keep your address up-to-date by sending in some bids. If you find nothing to bid on, request next auction list simply by postal card to insure your getting it. You will find a great variety of numismatic material in this sale, some choice and rare items, and will be well paid for giving the contents of this catalog your careful perusal.

If you find nothing in this catalog to interest you, I would be pleased if you would hand it to an interested person if you can. **Remember,** that if I do not hear from you for two or three sales, **your name is subject to withdrawal** from my mailing list.

The best way to insure yourself, is to **send in some bids.** I want to thank my many customers for our pleasant dealings, the words of general satisfaction received, and the prompt remittances. Some collectors bought coins from me 15 years ago, and are still with me in my sales each month. Especially do I thank you.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay $6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this; bid by the piece.

Read every word in this catalog—or you are very apt to miss just what you want.

CHINESE SILVER COINS (All dollar size or larger)

Note—Good fortune makes it possible for me to offer another fine series of these beautiful coins. As mentioned in last sale, this series has regained much of its popularity and good prices were realized at that sale, from $4 to $11 on many of them. Please observe that there are several extremely rare types in this group, one of the best collections yet offered. All are guaranteed to be satisfactory or money refunded. Many have records of $20 to $30 each, but one does not have to pay such unreasonable prices today. Don't hesitate to write me for estimates if you don't know how much to bid, or send one dollar for a priced catalog of last sale. More rarities in this collection than in my last sale.
